

ALEXANDER EVATT

MSc LEADERSHIP & CHANGE MANAGEMENT

PROFILE

Kia Ora, Hej! I am part of a new generation of leaders creating an evolutionary blueprint for a sustainable and thriving future for business, people and the planet. I see a great need for a new generation of leadership, leading from the heart rather than the purely rational mind. Leading from a wholeness perspective, as interconnected with all living-systems, leading to serve humanity and the planet.

EXPERIENCE

2021 -

Next Generation Leadership Advisor

CCG Conscious Consulting Group / Vienna

Consulting, facilitating and developing leadership programs catalyzing wisdom into impact

2019 - 2021

Founder & Consultant

New Direction Ltd

I am head of a small global team translating cutting edge science and indigenous wisdom into applicable practices and tools for leadership, organizational and societal transformation. I am delivering coaching, consulting and mentoring to leaders globally as well as speaking at international events.

2016 - 2017

Manager of Research and Development

Scandinavia-NZ Ltd / Finland

Researched and developed conscious leadership training programs: "Fit For The Future" - how to lead consciously and sustainably. Delivered to business managers.

2015 - 2017

Head of Happiness and Wellbeing

Nordic Sales Crew Oy / Finland

Founded and led the company's sales division. Trained over 50 sales staff and mentored 20 team leaders to manage their own teams independently. Developed Inner Leadership tools and sales methods increasing teams' sales by 200%. Turned around low performing sales teams into the company's highest performing teams.
